CORDRAN TAPE

(Brand Name)

Generic Name: Flurandrenolide

Purpose: This medicine is used to relieve redness and swelling of your incision.

Usage: Apply the tape over the incision lines each morning. Soak tape off in the evening with water. Do not pull tape off or it could irritate the incision. Apply the tape daily for three weeks or as directed by Dr. Beeson. Applying the tape longer than prescribed could result in thinning of the skin.

Possible Side Effects:

No common side effects have been reported with proper use of this medicine. If you notice any unusual effects, contact Dr. Beeson.
